

# Horizontal Price Guide

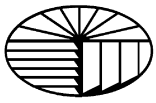

**EFFECTIVE July 18, 2011**

**UNIVERSAL WINDOW COVERINGS, INC.**

12139 Science Dr. Suite 101 Orlando, FL 32826  
(407) 275-1455 1-800-494-9636 FAX (407) 275-6919 FAX 1-866-872-0672  
[www.universalwc.com](http://www.universalwc.com)

**Merchandise Returns** — UWC drivers cannot pick up merchandise without prior authorization from Customer Service. Customer Service will provide a Return Goods Authorization number for any return.

- Defective Products—**Please take a picture of any defective material.** This is the easiest and quickest way to solve any problems and helps prevent having the same problem twice. Customer Service will provide direction as to how to proceed.
- Repairs—Customer Service will create a Return Goods Authorization for all repairs, either warranty or non-warranty. Please ensure proper packaging to prevent damage during the return process.

**Cancellations**—If an order needs to be canceled, please call customer service immediately! We can cancel orders only if the order has not yet gone out to fabrication.

**Order Process**—UWC requests that all orders are faxed to 407-275-1455 or ordered via email to orders@universalwc.com. Any orders placed over the phone will be at the dealer's responsibility. Customers will normally receive an order confirmation within 24 hours.

**Duplicated Orders**—UWC cannot be responsible for orders which have been faxed twice. If you must fax an order a second time for any reason, please clearly write "Do Not Duplicate" and refer to the original order with a PO or sidemark to avoid any confusion.

**Price Changes**—Prices are subject to change without notice.

**Delivery Fees**—UWC delivers throughout much of the state of Florida for a flat delivery fee of \$12.50 per stop. This fee is subject to change based on a variety of factors. Outside of our delivery area, we charge the cost of UPS or common carrier. COD accounts shipped via UPS will incur a COD charge unless the order is prepaid. Special packaging required for items to be shipped will incur a charge of \$2.50 per blind.

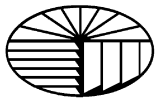

**Accounts and Payments—**

- All new accounts will be set up as COD accounts. To apply for terms, Universal needs to receive the **original** credit application and **we will run references.** This process takes time. Until references are confirmed, we cannot provide credit terms.
- UWC accepts American Express, Mastercard and Visa. We will never charge a credit card without authorization from the cardholder. Accounts have the choice to be set up as a credit card account. This means the cardholder gives Universal blanket permission to charge the card for the merchandise at time of delivery.
- Some contract orders will require a fifty percent deposit.
- Any products ordered on a container require a fifty percent deposit prior to placing the order.
- **Universal will not sell any product to a customer in the state of Florida who does not have a current license to resell the product.** This is to protect you as much as it is to protect us. Customers outside the state of Florida must show a current license to operate a retail business.

**Retail Surcharge**—Starting in 2011, all of UWC's new price guides will use retail pricing for surcharges. This is done to allow the dealer to use the price guide when making a presentation to the customer. The multiplier is noted in an attached letter.

## Horizontal Repair Price List

Repair Charges:
Cutdown blind - \$15 per side
Re-Cord blind - \$20
Repair tilter/cord lock - \$15
Replace slats - \$15 plus \$1.00 per slat-foot

**Features:**

2" x 2" Headrail (2 1/2" IM mounting depth)  
Trapezoid Bottom Rails  
Complete Cord and Hardware Coordination  
Hold Down Brackets & Pins (Upon Request)  
Spacers (Upon Request)

**Factory Allowances:** (Tolerance 1/8")

**Headrail, Slats & Bottomrail:**  
Inside Mount: 1/2" Deduction  
Outside Mount: Exact Measurements  
**Valance:**  
Net Blind Width + 1"

**Controls:**

Standard controls (L/R) are lift on right and tilt on left.  
Reverse controls (R/L) are tilt on right and lift on left.  
Left controls (L/L) are lift and tilt on left.  
Right controls (R/R) are lift and tilt on right.  
Net blind widths 9" - 10 7/8" must have center controls.  
Net blind widths 11" - 22" must have split controls.

**Verona Select Custom Valances:** Common valances are considered custom and are surcharged on Verona Select. Verona Select blinds with returns other than standard (straight cut for IM, 2 3/4" for OM) are also considered custom.

**Notes:**

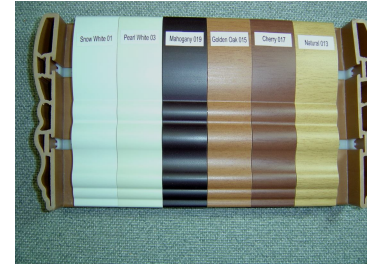

UWC strongly recommends sizes over 73" width be multiple blind headrails.  
UWC does not recommend any blinds made using a headrail width greater than 108".  
Multiple Blinds on one headrails are priced out as separate blinds plus a \$20 surcharge.  
Perfect slat alignment cannot be guaranteed. Universal will align the slats as well as possible, however alignment tolerance is 1/8"  
IB valances are cut straight unless returns are requested. Minimum return size is 1/2".  
Due to special cording used for routeless blinds, lowering them may require assistance.  
UWC cannot guarantee Verona Select blinds to have slats aligned perfectly.

## 6" Valance Upgrade Available for 2" Blinds too!

**Specifications:**

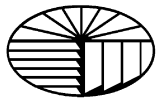

- Dust cap required for ceiling mount
- Valances over 120" will have a miter in the middle unless otherwise specified.
- Colors Available: Cloud, Eggshell, Natural, Golden Oak, Cherry, Mahogany

- Hand Sample with color selector available
- Price in lieu of standard 3 1/4" valance on a horizontal blind - \$7.00 per foot retail surcharge; \$12.00 per foot with a dust cap.
- Price is calculated in increments of 6 inches.
- Minimum charge - 2 feet

Specifications	Aluminum 1" Mini	Aluminum 1/2" Micro
Net Minimum Width:	9"	9"
Net Maximum Width:	120"	120"
Multiple Blinds on One Headrail (priced out as separate blinds):	\$20 retail surcharge	\$20 retail surcharge
Valance Style:	2 Slat Valance	2 Slat Valance
Width less than 12":	Add \$35 retail surcharge	Add \$35 retail surcharge
Multi-Color Blinds:	-	-
First Added Color:	\$78 surcharge (retail)	\$78 surcharge (retail)
Each Additional Color:	\$34 surcharge (retail)	\$34 surcharge (retail)
Each Additional Blind (same width and color):	\$50 surcharge (retail)	\$50 surcharge (retail)
Privacy Features (18mm ladder spacing):	30% surcharge	N/A

**Features:**

Slimline Headrail  
Aluminum Bottom Rails  
2 Slat Valance  
Wand Tilt (Clear wands available upon request)  
Child Proof Tassels  
Cord and Hardware Color Coordination  
Hold Down Brackets & Pins (Upon Request)  
Spacers (Upon Request)  
8 Gauge Aluminum Slat

**Factory Allowances:** (Tolerance 1/8")

**Headrail, Slats & Bottomrail:**

Inside Mount: 1/2" Deduction  
Outside Mount: Exact Measurements

**Valance:**

Net Blind Width + 1"

**Controls:**

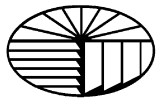

Standard controls (L/R) are lift on right and wand tilt on left.  
Reverse controls (R/L) are wand tilt on right and lift on left.  
Left controls (L/L) are lift and wand tilt on left.  
Right controls (R/R) are lift and wand tilt on right.  
Minimum width for LL or RR controls are 12"

**Notes:**

UWC strongly recommends sizes over 73" width be multiple blind headrails.  
Multiple Blinds on separate headrails are priced out as separate blinds plus \$20 retail surcharge.

## INSIDE MOUNT

### Width

Measure the exact width (left to right) of the inside edge of the window frame in three places (top, middle and bottom).

Take the smallest of the three measurements. Write down that size making sure that it is the first number of the measurement. This is the width you will order. The factory will make all necessary deductions to allow for mounting brackets.

Example: 36 x 60: 36 is how wide (left to right) the blind needs to be. The width is always the first size in blind or shade measurements.

### Height

Measure the exact height (top to bottom) from the top inside edge down to the window sill in three places. Take the largest of the three measurements. Write down that size making sure that it is the second number of the measurement.

Example: 36 x 60: 60 is the height the blind needs to be.

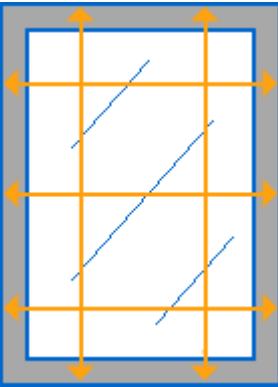

The height (top to bottom) is always the second number in a blind or shade measurement.

***PRODUCTION DEPARTMENT WILL DEDUCT 1/2 INCH OFF THE WIDTH (LEFT TO RIGHT) ON ANY INSIDE MOUNT BLIND.***

## OUTSIDE MOUNT

### Width

Measure the exact width (left to right) of the wooden or metal window frame or how wide you would like the blind or shade to be. Make sure to measure wide enough as to cover the entire window and provide maximum light gap coverage. Example: If the window opening is 36", it might be helpful to order 40". This will provide 2" coverage on each side of the window. There is no rule on the width of blinds other than to make sure that it is wide enough to cover the opening. Write down that size making sure that it is the first number of the measurement.

Example: 36 x 60: 36 is how wide (left to right) the blind needs to be.

The width (left to right) is always the first size size in blind or shade measurement.

### Height

Measure the height you would like the blind to be by measuring top to bottom. We recommend adding about 3 or 4 inches to this number to insure maximum light gap coverage and to cover the window completely taking in account the headrail. You will want to mount the headrail above the window frame. Please make a note that some windows have trim that might interfere with mounting so it's important to measure above the trim if this is the case.

Once you determine the desired height (round down to the nearest 1/8 inch) write it down.

Example: 36 x 60: 60 is the height (top to bottom) the blind needs to be.

The height (top to bottom) is always the second size in a blind or shade measurement.

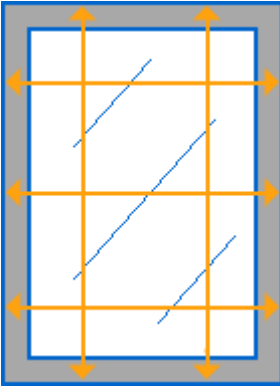

***THE FACTORY WILL MAKE NO DEDUCTIONS ON OUTSIDE MOUNT BLINDS OR SHADES.***

**IMPORTANT:** USE A METAL TAPE MEASURE FOR ALL MEASUREMENTS MAKE ALL MEASUREMENTS TO THE NEAREST 1/8TH INCH AND ROUND DOWN. For example, 5/16 would be 1/4, 15/16 would be 7/8, etc...

## Outside Door Mount

Blinds that are mounted to doors are almost always outside mount. Please be sure and follow the above instructions for outside mount installations; however it is important to note the following:

1. Make sure the blind is wide enough as not to interfere with doorknobs and other obstructions and also wide enough for optimal light gap coverage. You want your new blinds to cover the entire opening of the window
2. Be sure and add 3 to 5 inches to the length of your blinds taking in account the headrail. You will want to mount the headrail above the window. This is important as you may use hold down brackets on the bottom to hold your blind in place.

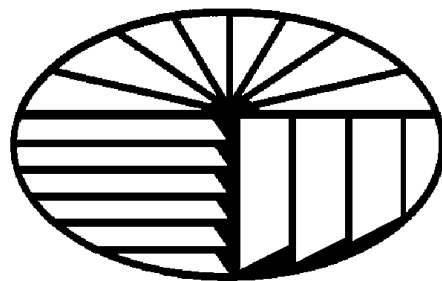

**IMPORTANT:** USE A METAL TAPE MEASURE FOR ALL MEASUREMENTS MAKE ALL MEASUREMENTS TO THE NEAREST 1/8TH INCH AND ROUND DOWN. For example, 5/16 would be 1/4, 15/16 would be 7/8, etc...

## LIMITED LIFETIME WARRANTY

**Universal Window Coverings, Inc.** extends this lifetime limited warranty to the original purchaser. This warranty applies only to manually operated blinds which have been properly installed in the window, door or interior area for which it was intended. The blind cannot be modified. Damage to the product resulting from misuse, abuse, warpage due to excessive humidity, or discoloration due to sunlight or the passage of time is not covered by this warranty. This warranty also does not apply to conditions resulting from normal wear and tear. This limited lifetime warranty is extended to the original purchaser only, in the original window for which it was intended. This warranty is in lieu of all other stated warranties, whether written or oral.

**Universal Window Coverings, Inc.** reserves the right to inspect any part or component prior to replacement. If you require further assistance contact **Universal Window Coverings, Inc.** All warranty claims must be accompanied by proof of purchase, as well as details regarding the nature of the problem, location, etc....

**THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER OBLIGATIONS, LIABILITIES, OR WARRANTIES.** In no event shall **Universal Window Coverings, Inc.** be liable or responsible for *incidental or consequential damages*, or for any direct or indirect damage, loss, cost, expense or fee. Some states do not allow the exclusion or limitation of incidental or consequential damages, so this exclusion or limitation may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.
